EDUCATION

Plaksha University, Chandigarh — *B.Tech (CS & AI Major)*

2021 - 2025

Delhi Public School, Gurgaon — *High School*

2017 - 2021

PROJECTS

H2knOw

To encourage water conservation, we developed an attachment for showerheads that tracks water usage through a flow-rate sensor and displays it to the user in a gamified way through a mobile app. Secured second place in Plaksha Summer of Entrepreneurship

Skills: ESP32 Microcontrollers, Flutter, Firebase, Django

Therapia

Therapia is a Flutter app that helps Parkinson's patients track their hand tremors using their smartphone, making it easier to monitor progress and accurately prescribe medications.

Skills: Flutter development, Flask (Rest API), Heroku, Python Data Analysis

VendGo

Our platform helps small retailers in India make bulk purchases at discounted prices by grouping orders and submitting them as a single request to wholesale distributors. It won an honourable mention at the NMIMS Hackathon '21.

Skills: CSS Bootstrap, Django, Firebase
